25. **Data Universal Number System (DUNS) Number:** 105751049
26. **System for Award Management (SAM) Database:** Registered. Updated April 23, 2013.

## **Delivery and Training**

Mr. Bernie Shea, Delivery & Training Specialist, will handle the coordination of all delivery and bumper-to-bumper training on every platform that we design and build.

Mr. Shea served eight (8) years in the United States Marine Corp as a Sergeant on an Anti-Terrorism team handling, among other things, the perimeter security at a Nuclear Weapons facility.

Afterwards, he was with the Charleston County Sheriff's Office for eight (8) years, in which he served in a capacity as an undercover narcotics officer and a technical surveillance specialist.

With nine (9) years in the specialty vehicle business, Mr. Shea has experience as a surveillance/component electrician, but has also served within the sales department, and as an instructor. These broad skill sets have proven very useful in his current role, allowing Mr. Shea to understand all aspects of the vehicles being built.

The vehicle shall be delivered in clean condition, inside and out, including cleaning of the engine and engine compartment. Chassis shall be lubricated and brakes and headlamps adjusted to proper tolerance before delivery of vehicle. Vehicle fuel tank and all fluid levels shall be full upon delivery.

A road test shall be completed prior to delivery to ensure all major components are in good working order, no mechanical defects and all items are properly secured for transport.

Training, upon delivery, shall be comprehensive and include instruction for staff members on the proper operation and use of the vehicle, as well as how to care for the unit. Manuals will accompany the training session and Mr. Shea will work with you to provide the most efficient training session to fit your company's specific needs. The amount of staff included in the training along with the date, time and location is to be determined by the customer.

## *Limited Conversion Warranty* And Warranty Disclaimer

### 1. LIMITED WARRANTY.

MATTHEWS SPECIALTY VEHICLES (MSV) Hereby warrants its Specialty Vehicle Conversions (Product) to the original purchaser in new and renewed specialty applications in the United States of America or Canada. Warranty offered herein applies ONLY to defects in material and workmanship of the up-fitting by MSV, with the decision to repair or replace parts or components covered to be at the sole discretion of MSV.

### 2. WARRANTY PERIOD.

MSV Product furnished is warranted for a period of 12 months (1 year), without limitation to system operating hours or vehicle distance traveled, when placed in new and renewed specialty vehicle applications. Warranty for new conversions shall begin on the same day the chassis and body manufacturer's warranty commences.

### 3. WARRANTY COVERAGE.

This warranty specifically covers all parts of the conversion either manufactured by, or installed under the direction of MSV, such as, but not limited to: A.C. wiring system and lighting (power lines), all interior and exterior cabinet and woodwork including shelving and hardware, floor coverings and seating. Any part repaired or replaced under this warranty will remain under warranty until the end of the original warranty period as described in 2 above or for 60 days from the date of repair or replacement, whichever is longer. The structural chassis and body portions of the vehicle, generator(s), audio/video equipment, telephones, air conditioners, and heaters on your vehicle are covered by separate warranties offered by their respective manufacturers with service and repairs available from their respective manufacturer's service providers. Some major Power Train components such as, but not limited to, Engines, Transmissions, and Tires are subject to the terms, conditions, and limitations of their respective manufacturer's warranty offerings, including requirements for obtaining service and repairs.

### 4. ITEMS NOT COVERED BY WARRANTY.

This Extended Warranty offering SPECIFICALLY DOES NOT COVER the normal wearing of parts and / or components over time and use, failures as a result of long-term wear, or normal operating expenses associated with such items. This Extended Warranty offering SPECIFICALLY DOES NOT COVER parts or portions of the vehicle covered by other manufacturers warranty offering, such as, but not limited to: structural chassis and body, engine transmission and / or tires. Excluded from this warranty are MSV Products modified in any way without prior written approval from MSV, disassembled or tampered with by anyone other than MSV, or an MSV Authorized Service Provider, and products damaged by negligence, misuse, abuse, chemical corrosion, fire, water, explosion, vandalism, or damaged in the commission of a crime. Products damaged by the original purchaser or any third party including a vehicle dealer or service facility while performing work, are not warranted by MSV. MSV shall not be liable for work performed by sub-contracted third party service providers. It is the individual vendor's responsibility to guarantee its own services. Product failures as a result of an Act of God, such as, but not limited to: lightning, earthquake, windstorm, tornado, hurricane, or flood, are NOT covered. MSV has a formal company policy to continually improve the design and reliability of all of its products. Should the design of the product purchased be changed or modified at some future date, MSV has no obligation or duty to upgrade the product purchased to a new design or specification standard under this warranty.

### 5. OBTAINING WARRANTY SERVICE.

Warranty service for items covered by MSV must be performed by either MSV or a MSV Authorized Service Provider. All warranty claims, regardless of how or where made, shall be within the stated warranty period. Individual applying for warranty service shall provide proper documentation that he (or she) is both the original owner and date Warranty commenced. All warranty work must be pre-approved by an authorized representative of MSV. Authorized representative must give an authorization number to the customer at the time of pre-approval. Authorization number must be included on all related documentation, invoices, etc., in order to be processed. Documentation submitted with incomplete information will result in delays to the payment of the claim until such information can be obtained and processed. Any claim submitted without proper authorization shall be subject to rejection at the sole discretion of MSV.

Any warrantable event of an emergency nature, occurring after normal business hours, must be reported for approval and to obtain an authorization number within three business days of the occurrence. The standard limitation of warranty liability including diagnostics is \$200. Any warranty repair for which it is likely that total charges, including diagnostics, parts, and labor, will exceed \$200 must be accompanied by a written estimate that must also be pre-approved prior to any such work being performed. Approval of any such estimate will be at the sole discretion of MSV. All invoices for warranty repairs and any return parts must be received no more than 30 days after the approval date, regardless of when the Warranty Period expires. A credit will be issued only after returned parts are received. Extenuating circumstances must be dated and documented, and will be considered on an individual case-by-case basis. MSV reserves the right, at its option, to repair, replace, or provide a comparable replacement for defective parts. Furthermore, MSV also reserves the right to decide from whom such a warranty part may be obtained, whether from MSV, a local vendor, service facility, or parts supplier. MSV also reserves the right, at its option, to authorize a third-party service provider, or to schedule a factory-trained Service Representative to make warranty repairs. MSV will issue the Original Purchaser a credit for warranty related shipping charges after returned parts are received and evaluated. Shipping credit will NOT be issued for any part that has been returned without proper authorization, if the part is found to be non-defective, or if it is found to be defective as the direct or indirect result of misuse, abuse, neglect, or un-authorized modification. (See Section 4)

### 6. COMPLETE WARRANTY.

THE WARRANTY OFFERED AND DESCRIBED HEREIN IS THE COMPLETE WARRANTY FOR THE PRODUCT AND IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OF FITNESS OR ABILITY TO SUCCESSFULLY PERFORM A SPECIFIC PURPOSE OR JOB APPLICATION; AND MSV HEREBY DISCLAIMS AND BUYER (Whether OEM, Dealer, or Purchaser) HEREBY WAIVES ANY OBLIGATION, LIABILITY, RIGHT, CLAIM, OR DEMAND IN CONTRACT, TORT, (INCLUDING NEGLIGENCE), STRICT LIABILITY, PATENT INFRINGEMENT, OR OTHERWISE WITH RESPECT TO THE MSV PRODUCT FURNISHED.

### 7. COLLATERAL, CONSEQUENTIAL, INCIDENTAL, OR SPECIAL DAMAGES.

MSV shall not be liable for collateral, consequential, incidental, or special damages or losses beyond the repair or replacement of defective products under the terms of this warranty. Such collateral, consequential, incidental, or special damages or losses include, but are not limited to: damage to or loss of a vehicle or any portion thereof, labor expenses or loss of profits arising out of inability to use the vehicle, downtime expenses such as service calls, rental vehicles, towing costs, lodging, meals, or any other type of downtime related expenses.

SPECIAL NOTE: Some U.S. states and Canadian provinces may not allow the limitation of collateral, consequential, incidental or special damages. Purchasers may have additional rights to the rights described and stated in this warranty that are provided by various state or provincial laws.

### 8. AUTHORITY TO CHANGE OR MODIFY WARRANTY.

The warranty described and defined herein can only be changed or modified by MSV personnel. This would include all terms, conditions, limitations, rights, or obligations. MSV Authorized Dealers and Service Providers have no authority to change or otherwise modify any part of this warranty offering. Warranty changes or modifications shall come ONLY from MSV on an individual case-by-case basis, with any and all such changes or modifications made in writing and signed and dated by appropriate MSV management and fully describe exactly which section is being changed or modified, and in what manner. All MSV products sold under the terms, conditions, and limitations of this warranty shall be subject only to this warranty. Should MSV offer a different warranty in the future, it shall apply only to products sold when it is effect, and the terms, conditions, and limitations of this warranty will not be transferable or subject.

## **How to Obtain Warranty Service**

Your new Matthews Specialty Vehicle has been built to the highest construction standards in the industry using premium components of the highest quality. Innovative design and careful attention to detail are an integral part of each Matthews Specialty Vehicle, making Matthews Specialty Vehicles, Inc. (“MSV”) #1 in craftsmanship, reliability, and value. However, while using even the most stringent of quality control techniques, there are at times, anomalies, which may occur during the construction process, resulting in the presence of a minor defect in the finished product.

In the unlikely event that your new Matthews Specialty Vehicle requires Warranty Service to correct such defects, help is only a phone call away. MSV is dedicated to maintaining the highest level of customer service available. To obtain Warranty Service for your new vehicle, simply contact the MSV Customer Service Department at (877) 905-4678, Ext. 213.

The following guidelines apply to all MSV Warranty Claims:

*(Please refer to your Warranty Card for a full explanation of MSV’s Limited Conversion Warranty.)*

- 1) All claims must be pre-approved before any work is performed. Call MSV’s Customer Service Department at (877) 905-4678, Monday through Friday, 7:30AM–5:30PM EST to receive a Warranty Authorization Number.
- 2) Any warrantable event of an “emergency” nature, occurring after normal business hours, must be reported within three (3) business days of the occurrence for authorization.
- 3) MSV’s standard limitation of warranty liability including diagnostics is \$200. Any warranty repair for which it is likely that total charges, including diagnostics, parts, and labor, will exceed \$200 must be accompanied by a written estimate that must also be pre-approved prior to any such work being performed. Approval of any such estimate will be at the sole discretion of MSV.
- 4) All invoices for warranty repairs and any return parts must be received no more than 30 days after the approval date, regardless of when the Warranty Period expires. A credit will be issued only after returned parts are received. Extenuating circumstances must be dated and documented, and will be considered on an individual case-by-case basis.
- 5) MSV reserves the right, at its option, to repair, replace, or provide a comparable replacement for defective parts. Furthermore, MSV also reserves the right to decide from whom such a warranty part may be obtained, whether from MSV, a local vendor, service facility, or parts supplier.

- 6) MSV also reserves the right, at its option, to authorize a third-party service provider, or to schedule a factory-trained Service Representative to make warranty repairs.
- 7) MSV shall not be liable for work performed by subcontracted third-party service providers. It is the individual vendor's responsibility to guarantee its own services.
- 8) No provisions stated, implied, or otherwise shall be made herein for consequential, collateral, or incidental expenses including, but not limited to: transportation, towing, service calls, lodging, meals, or any other down-time related expenses.

MSV will issue the Original Purchaser a credit for warranty related shipping charges after returned parts are received and evaluated. Shipping credit will NOT be issued for any part that has been returned without proper authorization, if the part is found to be non-defective, or if it is found to be defective as the direct or indirect result of misuse, abuse, neglect, or un-authorized modification.

## **Welcome to Matthews Specialty Vehicles, Inc.'s Government Group**

Matthews Specialty Vehicles, Inc. (MSV) has been the nation's premiere specialty vehicle manufacturer since 1992. MSV custom builds vehicles for the government as related to Law Enforcement, Homeland Security and Healthcare (Bloodmobiles, Medical and Dental).

With training and experience in public safety and security technology, WMD and decontamination response, mass shooting and other critical incident training, we greatly benefit our customers by better understanding their requirements. All of our vehicles are custom designed to customer specifications, implementing technology that communicates with their existing infrastructure and meeting the demands of their agency. Our staff includes a former local police officer, with experience on a federal disaster response team.

MSV has designed and built custom units for government agencies across the world, and continues to provide the largest chassis offering of any other company in the industry. Our product line of specialty vehicles includes:

### **Law Enforcement and Homeland Security**

- Disaster Response Units
- Bomb Response Units
- Mobile Command Centers
- SWAT / Hostage Negotiation
- Public Safety Education
- Public Safety Vehicles

**LA Port  
Authority Mobile Command Center**

**SWAT & Bomb Squad Unit**

**Virginia State Police Crime Unit Vehicle**

## Healthcare

- Bloodmobiles
- Mobile Healthcare
- Mobile Dental Clinics
- Mobile Eye Clinic
- Mobile Health Screening
- Mobile Mammography

**Lackland Air Force Base Bloodmobile**  
**6-Bed / 3-History / 4-Slideouts**

**Fort Bragg Bloodmobile**  
**Armed Services Blood Program**  
**6-Bed / 3-History / 4-Slideouts**

Our specialty vehicles are built from the chassis up and the MSV 102-inch wide bodies are heavy-duty, all aluminum bodies – only available on MSV units; slide-outs are available on our 102-inch wide units.

Our retrofit and refurbishing program gives our customers even more options. MSV can refurbish an older vehicle and restore it to like-new, or we can take a vehicle that was used for one purpose and retrofit it to meet your program's needs. MSV offers options to accommodate convenience and comfort.

With the available options approved on MSV's GSA Schedule Contract, you can completely customize a unit to fit the specific requirements of your agency. Our in-house customer service and full warranty departments would be glad to help you!

## **Company History**

Matthews Group, Inc. has been a part of the Thomas Built Bus organization since 1967. Matthews Group, Inc. started as a distributor for Thomas Built Buses in New York and Connecticut. In 1984 Matthews Group, Inc. started its North Carolina organization with Matthews Distributor Services, Inc., and since evolved into four (4) separate organizations, Matthews Distributor Services, Inc., Matthews Specialty Vehicles, Inc., Matthews Mobile Media and Rifled Air Conditioning.

Matthews Group, Inc. has been performing custom conversion work for the past twenty-one years. These products were sold and marketed through Thomas Built Buses. Thomas Built Buses decided to turn the sales and marketing over to Matthews Group, Inc. in 1992. At this time, Matthews Specialty Vehicles, Inc. was formed. Because of our fine reputation in the bus industry and top quality craftsmanship in our work, Thomas Built Buses made us their exclusive manufacturer of specialty vehicles. Since the start of Matthews Specialty Vehicles, Inc., we have custom built over 800 coaches. Each coach is custom designed and built to meet the customer's specifications and needs.

Since 1992, Matthews Specialty Vehicles, Inc. has manufactured premium special-purpose vehicles designed to take companies and institutions on the road. Matthews Specialty Vehicles, Inc. became incorporated in July of 2001. Our goal has always been to help our customers obtain their mobile goals with style – in an efficient, durable and reliable vehicle. We have evolved over the years to include construction on many chassis other than Thomas Built Buses, to include such manufacturers as Freightliner, Prevost, Chevrolet, Ford and many more.

This success story, and each of our futures, has been based on our company philosophy that we are going to be the best bus sales company in the country. We accomplish this by providing our customers with the best products on the market, backed up by the best customer service after the sale. By each employee becoming an ambassador of good will, in his or her daily activities, helps us to achieve our success.

We exude an attitude of confidence, pride in our products, and pride in our ability to best serve our customers and exhibit the "CAN DO" attitude in all our transactions.

We believe we have the right products of the highest quality. We believe we have the best staff of salesmen, product support technicians and administrative staff in the business.

Our outstanding reputation has been earned by doing all the right things along the way. Our customer confidence has to be earned each day. It is up to all of our people to put their best foot forward everyday and continue to make our companies grow.

Matthews Specialty Vehicles, Inc. also meets all Federal Motor Vehicle Safety Standard requirements, as well as National Standards for school buses.

Why choose Matthews Specialty Vehicles, Inc.? First and foremost, would be our quality! As the "Furniture Capitol of the World," High Point, North Carolina supplies us with a highly skilled workforce of designers, cabinet builders, upholsterers and more. Much of our workforce also came to us from the yacht-building industry, bringing exceptional design skills and a love of the craft.

Matthews Specialty Vehicles, Inc. only uses premium materials, from the chassis right through to the interior wiring. Extra touches, like marine-grade wiring installed in easy-to-access overhead chases, European-style hidden door hinges, flush-mounted cabinet and drawer pulls, and ¾-inch custom hardwood cabinetry, make a Matthews Specialty Vehicle distinctive in the industry.

What else sets Matthews Specialty Vehicles, Inc. apart from our competition? Cutting-edge building technology! Matthews Specialty Vehicles, Inc. has invested in the growth of our company with the most up-to-date building technology. One major advancement has been the implementation of our CNC Router Machine which keeps a construction database for future modifications and aids in precision cut woodworking, reducing waste, which in turn reduces costs to our customers.

Another area of growth has been in our Design and Engineering Department. The purchase of Cabinet Vision 3-D Design Software enables us to show our customer's three dimensional, colorized, rendering of their selected interior layouts.

We surpass our competition not only through the design process, but in our manufacturing processes as well. The use of a "state-of-the-art" edge-banding machine enables us to easily and securely fuse color matched edge banding materials to the edges of your woodworking to reduce the look of wear and extend the life of your woodworking.

All of the production and manufacturing of our vehicles is done "In-House." This includes our metal fabrication, custom upholstery, woodworking, and electrical services. This practice allows for tighter controls and better communication which turns out a better product for our customer.

Matthews Specialty Vehicles, Inc.'s mobile units can be more than just effective service delivery vehicles. They can serve as roving billboards attracting a great deal of attention for your program or cause. Recognizing that, Matthews Specialty Vehicles, Inc. offers one of the nation's top vehicle

graphics divisions providing design, production and installation of attention-getting graphics for any-size vehicle. We offer everything from door lettering to full vinyl wraps. Our talented staff and equipment can produce machine-cut vinyl builds as well as 3M photo vinyl for lettering, solid surfaces and windows.

Thank you for this opportunity to share our company history. I look forward to working with you on any project where Matthews Specialty Vehicles, Inc. can assist with your specific requirements.

If you have any questions, please do not hesitate to give me a call at (877) 905-4MSV.

Best regards,
